

Skills Form

Applicant: Yovo Plamenov Manolov

Fill in date: 08.02.20

Reviewer: _____

Review date: _____

Please, fill in only fields and areas where you have experience. Use the provided empty fields to specify additional technologies that you have worked with. Technologies listed in brackets (e.g. Spring, Hibernate) should serve as examples. Completing the form should not take more than 15 minutes.

Evaluation marks:

- Empty - you may know what the abbreviation means, but you do not know anything further.
- 1 Theoretical knowledge - you have read materials, but have no practical experience.
- 2 Theoretical knowledge and some practical experience - self-practice or small project.
- 3 One or two projects at a minimum, in which the technology has been applied extensively.
- 4 Strong experience in the field - you can teach other team members in the field.
- 5 Very strong experience in the field - Guru, Master or God (one of these is enough).

	Years	1-5
